

Family Fingerprints

You will need an ink pad or water soluble marker pen. Gently colour over your index finger with the pen or press it onto an ink pad. Then, press your finger into the table below and write your name. Ask members of your family to do the same. Can you find out what type of fingerprint they have, using the chart below?

			
Arch	Whorl	Tented Arch	Right Loop

Fingerprint	Name of Person	Type of Fingerprint
