

Varied Fluency – Hours in a Day

National Curriculum Objectives:

Mathematics Year 3: (3M4d) [Estimate and read time with increasing accuracy to the nearest minute; record and compare time in terms of seconds, minutes and hours; use vocabulary such as o'clock/a.m./p.m., morning, afternoon, noon and midnight](#)

Mathematics Year 3: (3M4e) [Know the number of seconds in a minute and the number of days in each month, year and leap year](#)

Mathematics Year 3: (3M4f) [Compare durations of events, \[e.g. to calculate the time taken by particular events or tasks\]](#)

Differentiation:

Developing Questions to support learning the number of hours in a day and days in a week.

Expected Questions to support learning the number of hours in a day, days in a week and days in a month. Including the number of hours in multiple days and days in multiple weeks. Some reference to times in o'clock.

Greater Depth Questions to support learning the number of hours in a day, days in a week and days in a month. Including the number of hours in multiple days. Also including terms such as 'noon', 'midnight', 'o'clock' and 'midday'.
